## PRELIMINARY AMENDMENT

Sir:

The above-identified application was filed on September 25, 2000. No office actions have been issued to date. Applicant requests entry of the following amendments prior to examination on the merits.

### In the Abstract:

Please delete the originally filed Abstract and replace with the new Abstract to read as follows (a clean copy of the amendments is attached as Appendix 1):

A system and method for design, tracking, measurement, prediction and optimization of data communications networks includes a site specific model of the physical environment, and performs a wide variety of different calculations for predicting network performance using a combination of prediction modes and measurement data based on the components used in the communications networks, the physical environment, and radio propagation characteristics.
